

POWERFIN 10 PORT 100W USB-C DESKTOP CHARGING STATION

10-Port 100W USB-C Charging Station for iPad, iPhone, AirPods & Tablets – Fast Charging, Compact Organization, Multi-Device Compatible

REF : AL-SB-DCS10C

EAN : 9350784029867

EXISTS IN : GREY

DESCRIPTION :

Looking for an efficient and safe way to charge multiple devices at home, in the office, at school, or in hospitals? The Powerfin charging station is the perfect solution for shared environments, allowing you to charge and organize up to 10 devices simultaneously: phones, tablets, and PDAs. With a total output of 100W and up to 20W per port, all your devices will be ready fast and safely, thanks to its intelligent chipset preventing overloads and short circuits.

Its compact design with top storage slots makes it easy to organize and protect each device while charging, keeping your space tidy and your devices accessible. Compatible with all major brands and platforms (Apple, Android, and more), Powerfin is perfect for any place where multiple users need efficient and safe power.

STRENGTHS :

- **Charge and organize up to 10 devices**

Perfect for phones, tablets, and PDAs—even with cases up to 16mm thick.

- **10 fast-charging USB-C ports**

Up to 20W per port, with a total output of 100W.

- **High efficiency and performance**

Ensures every device gets the power it needs quickly.

- **Smart and safe**

Built-in intelligent chipset detects the device and automatically adjusts current; protection against short circuits and overcurrent.

- **Perfect for shared environments**

Use it in homes, offices, schools, universities, hospitals, and more. Universally compatible with Apple, Android, and leading brands.

- **Compact, organized solution**

Top slots keep devices organized and protected while charging.

CHARACTERISTICS :

Input

110 – 240V AC

Output

- 10x USB-C PD 3.0 5-9V outputs
- Total maximum output: 100W
- Each pair of ports (1+2, 3+4, 5+6, 7+8, 9+10) feature paired operation. Each port supports up to 20W output when used individually, or 20W shared output when used together.
- Includes Power Factor Correction technology for increased efficiency.

Package Includes

- 1x SB-DCS10C 10 Port USB Desktop Charging Station
- 4x Power Cables (for use in AU/NZ, EU, UK, US)
- 1x User Manual

Device Compatibility

- Compatible with phones, PDAs, and tablets that support charging via USB and Lightning requiring up to 20W of power.
- Device charging slots support devices and cases up to 16mm in thickness.
- Requires a suitable cable to connect the charging station to the charging connector on each device (USB-C to USB-C, USB-A, Lightning, Mini/Micro USB, etc. cables not included – sold separately).

Physical Characteristics

- **Material:** Impact resistant ABS construction.
- **Dimensions:** 240 x 128 x 85 mm (L x D x H)
- **Weight:** 575g
