LED BULB T2 (CCT, GU10)

Smart LED bulb with warm/cool white, compatible with Thread, Zigbee, and Matter

REF : AQ-LB-L03E

EAN : 6975833357109

EXISTS IN : WHITE

DESCRIPTION :

Enhance your home lighting with Aqara's T2 LED bulb. Whether you need bright, high-quality white light for productivity or a range of soothing tones to create the perfect atmosphere, this smart LED bulb has you covered. With ultra-low standby power consumption and seamless integration into your smart home setup, it is both energy-efficient and reliable. Built to last and adapt to your needs, the Aqara T2 LED bulb is the perfect lighting solution to elevate every moment in your home.

STRENGTHS :

- **Thread/Zigbee Support:**
  The T2 LED bulb offers flexible dual-protocol support, easily switching between Zigbee and Thread to suit different needs. In Zigbee mode, users gain access to Aqara-exclusive features and Matter compatibility via an Aqara hub. In Thread mode, the bulb connects directly to Matter-compatible ecosystems such as Apple Home, Google Home, and Alexa, ensuring fast and reliable performance. Whether you prefer Aqara's unique functionalities or Thread's broad compatibility, the T2 integrates seamlessly into any smart home setup.

- **Adjustable White Tones:**
  Delivering a powerful 450?lm output, this LED bulb features a wide color temperature range from 2700K to 6500K and a high color rendering index (CRI) above 90. Whether you're aiming for warm and cozy lighting or bright and crisp whites, this bulb delivers optimal illumination.

- **Circadian Lighting in Sync with Nature:**
  Fully compatible with Apple HomeKit Adaptive Lighting, the bulb automatically adjusts its color temperature throughout the day. This ensures your lighting is always perfectly tuned for comfort and mood, adapting seamlessly to the natural changes in daylight.

- **Power-Off Memory Support:**
  You have full control over how the light behaves after a power outage. This feature prevents unexpected disruptions, such as lights turning on in the middle of the night, ensuring both comfort and peace of mind.

- **Automation with Aqara and Third-Party Devices:**
  Enhance your smart lighting experience with powerful automation features in Aqara Home and third-party

ecosystems. Easily create and trigger custom home scenes, allowing you to adapt your lighting to your lifestyle and preferences.

- **Exclusive Features in Aqara Home:**
  The Aqara T2 LED bulb offers customizable transition settings and dimming controls, with precise curve adjustments for perfect lighting. It also supports dynamic and static effects that can be personalized to create the ideal ambiance. Fully compatible with Aqara switches, it ensures smooth, uninterrupted control while avoiding common issues seen with traditional switches—enhancing both convenience and the atmosphere of your smart home.

CHARACTERISTICS :

- Wireless protocols: Thread, Zigbee, Bluetooth
- Rated parameters: 100–240 V~, 50/60 Hz
- Power: 4.9W
- Color temperature: 2700–6500K
- Brightness (Lumens): 450 lm
- Equivalent power: 30W
- Max. standby power consumption: 0.5W
- Beam angle: 50°
- CRI: > 90
- Lifespan: 25,000 hours
- Dimensions: 50 × 54 mm
- Operating temperature: -10?°C to 40?°C
- Operating humidity: 0–95% RH, non-condensing
- Material: PC + aluminum
