

ONTHEGO™ POWER BANK 10 000 MAH DESERT ROSE

10 000mAh Magnetic Power Bank with Qi2 Technology
and Built-In Stand

REF : SA-ST-B10Q2SR

EAN : 0810086362509

EXISTS IN : BLACK, PINK, BEIGE

DESCRIPTION :

Stay powered anywhere with the OntheGo™ Power Bank with Stand. Designed for a mobile lifestyle, its compact and ultra-portable design houses a 10,000mAh battery that delivers 15W fast charging. Charge up to two devices at once—wirelessly power your iPhone while using the USB-C port to charge an additional device. Magnetic attachment ensures easy alignment, and a quick press of the power button starts charging your device instantly. With pass-through charging, charge both your device and the power bank simultaneously. The built-in stand features sturdy, durable hinges that allow for smooth adjustments, giving you the flexibility to find the perfect viewing angle. Slim, lightweight, and stylish, the power bank features an aluminum frame, premium material, and a soft silicone charging surface for precise magnetic alignment.

STRENGTHS :

Compact and Portable :

Designed for life on the move, the OntheGo™ Power Bank features a slim, lightweight build that fits seamlessly into your busy routine. Whether you're at the office, your favorite coffee shop, or traveling, you can easily slip it into your purse or carry-on for a quick battery boost wherever you are.

Latest Qi2 Technology :

Power up from anywhere with fast, reliable 15W wireless charging—twice as fast as standard 7.5W wireless charging. The OntheGo™ Power Bank with Stand attaches effortlessly to your device with a secure magnetic connection, delivering an efficient, worry-free charge.

Built-In Stand :

Enjoy hands-free viewing with the built-in stand, which supports both portrait and landscape modes. Comfort and convenience anytime, anywhere.

Pass-Through Charging :

Keep your device powered while docked with pass-through charging so you never miss a beat. Perfect for long video calls or

binge-watching sessions, you can stay connected without worrying about your battery life.
