Designed to perform on the go, its wirelessly rechargeable battery provides long-lasting power, while advanced Bluetooth 5.4 LE ensures fast and reliable tracking. Compatible with most glasses, sunglasses, and XR/AR devices—including VITURE Pro XR, XREAL Air 2, and Ray-Ban \ | Meta Smart Glasses—this case offers unmatched convenience and style.

STRENGTHS :

Find My Compatibility

Stay effortlessly in control of your eyewear with Apple Find My technology. Ping your Vegan-Leather FindAll™ Glasses Case to locate it instantly, whether it's tucked away or left behind. Audible chimes and precise directions on your device help you track down your glasses in any scenario. Plus, with a range of 10-20 meters indoors and 20-50 meters outdoors, the case keeps you connected wherever you roam.

Wireless Charging

Say goodbye to disposable batteries with the convenience of wireless recharging. The 150mAh lithium battery supports Qi, Qi2, and MagSafe charging for up to 8 months of uninterrupted use on a single charge. A sleek LED indicator lets you know when your case is fully powered, glowing green when ready and orange while charging.

Premium, Travel-Friendly Design

The Vegan-Leather FindAll™ Glasses Case is as stylish as it is practical. Crafted from premium materials with a soft microsuede lining, it offers superior protection against scratches and scuffs. Its collapsible design folds flat for compact

packing, making it ideal for travel, commuting, or everyday adventures.

Sustainable Build

Built with the planet in mind, the Vegan-Leather FindAll™ Glasses Case is a step toward sustainability. Its rechargeable battery reduces waste compared to disposable options, while the collapsible design minimizes packaging and shipping impact. Protecting your belongings has never felt so good—or so responsible..
