DESCRIPTION :

Charge everything, anywhere with the first-of-its-kind Universal Cable for Apple Watch. Featuring a built-in Apple Watch charging puck and USB-C connectors, this versatile cable fast charges your Apple Watch, AirPods, and USB-C devices all from a single cable—perfect for travel or everyday use. Built with Kevlar® reinforcement and electroplated metal connectors for a charging experience that's as reliable as it is innovative.

STRENGTHS :

- **One Charger. Endless Possibilities.**

The first-of-its-kind cable with an integrated Apple Watch charging puck, the Universal Cable for Apple Watch is your all-in-one charging solution. Fast charge your Apple Watch, AirPods, and USB-C devices with a single cable—perfect for travel or streamlining your everyday setup.

- **Engineered to Last**

The Universal Cable features a double-braided Kevlar® outer weave and reinforced, electroplated metal connectors for exceptional durability.

- **Fast and Versatile**

With up to 100W charging speeds, this cable powers your USB-C devices quickly and efficiently while keeping your Apple Watch ready to go. Whether you're charging your laptop, smartphone, or accessories, it delivers seamless performance across all your devices.

- **Silicone Cable Tie**

An integrated cable tie allows you to manage your cable at home or on-the-go. Built with near-indestructible Liquid Silicone Rubber (LSR), the tie won't fray or tear with everyday use.
