Ergonomic grips, extended comfort, precise control, and seamless magnetic charging

REF : PL-PL-PG-CB-23

EAN : 4260470090406

EXISTS IN : racine

DESCRIPTION :

Upgrade comfort and precision with Paperlike's ergonomic grips. Their slim, cushioned shape reduces fatigue, improves control, and remains compatible with magnetic charging. Made from soft silicone, they are durable, stylish, and turn your Apple Pencil into a precision creative tool.

STRENGTHS :

- **Improved Ergonomics:** Paperlike's Pencil Grips are slim and ergonomic to reduce fatigue and cramping during long sessions. The wide cushioned surface makes it easier to grip your stylus while working.
- **Precision & Control:** With a precise shape and wider grip area, these grips enhance control when using your Apple Pencil — helping you draw smoother lines and straighter strokes on your iPad.
- **Folio Case Compatible:** Designed to work perfectly with the Paperlike Folio Case and other covers. The flattened shape allows for easy magnetic attachment and charging, while ensuring the case still closes securely.
- **Made for Apple Pencil:** Fully supports all Apple Pencil functions including Double Tap, Barrel Roll, Squeeze, and Haptic Feedback. Compatible with magnetic or manual charging without removal.
- **What's Included:** Comes with two all-in-one grips in different colors. Made from high-quality, recyclable silicone — durable and comfortable.
