DESCRIPTION :

Inspired by modern wanderers - we give you the Scout series. With an updated design of smooth channels, distinguished bumpers, and UAG brand detail. Featuring a featherlight composite construction of strong and durable TPU. The signature UAG armor shell and impact resistant core with a hex pattern for increased shock absorption are essential to protect your phone from daily accidents. Increased textured bumpers provide a non-slip grip and better handling on the go. Chamfered corners for added drop protection. Raised screen surround to protect your phone's glass screen from cracks and a raised camera bezel to protect your camera lens from surface scratches. Tackle every day with ease knowing your device is seriously protected.
