

ARES O SILICONE BAND 44/45/46/49MM BLACK

Ares O Silicone Watch Band with Buckle, 21° Ergonomic Tilt, Compatible with Apple Watch

REF : DE-D26AWS46ABS1BK

EAN : 8721145012117

EXISTS IN : BLACK

DESCRIPTION :

The Ares O Watch Band introduces a 21° ergonomic tilt that positions your Apple Watch in direct alignment with your natural line of sight. Designed for precision at pace. For clarity when focus is critical. The forward tilt eliminates the need for wrist rotation, keeping your screen readable without interrupting stride or form. A structural shift that lets your data move with you. Eyes forward. Stats in sight.

STRENGTHS :

- 21° ergonomic tilt for instant readability in motion
- Made from Grip O™: non-slip, sweat-resistant, quick-dry material
- Biomaster® antimicrobial treatment to prevent bacterial growth
- Free from PEFAS and safe for prolonged skin contact
- Perforated design for airflow and reduced skin contact
- Lightweight construction engineered for repeated strain
- Mechanical buckle ensures locked tension without drift
- Precision lugs provide seamless Apple Watch integration
- Slide-in mount prevents lateral movement
- Apple Watch sensors remain fully functional
- Branded loop keeper secures tail with no slack
- Monochrome design with functional cut-outs inspired by Y2K

COMPATIBILITY :

Apple Watch 44/45/46/49mm - compatible 42mm (Series 0-3)
