

DROPTec™ REINFORCED CLEAR CASE IPHONE AIR FROSTED BLACK

MagSafe reinforced case for iPhone Air

REF : DE-D26IPO17ABCT2FK

EAN : 8721145009186

EXISTS IN : WHITE, BLACK, CLEAR

DESCRIPTION :

The DropTec™ case is designed to provide advanced protection for your iPhone without compromising its design. Made from GRS-certified polycarbonate and reinforced with polyurethane sidewalls, it effectively absorbs everyday impacts while showcasing the device's original lines.

The buttons are now fully integrated into the structure, ensuring smooth and durable tactile feedback. A wraparound protective ring is molded directly into the case to safeguard the camera module without adding bulk. With raised edges of 2.3 mm and certified drop protection up to 3.6 meters, the DropTec™ meets the highest standards of protection.

Compatible with MagSafe accessories and wireless charging, it combines performance, user comfort, and meticulous finishing in every detail.

STRENGTHS :

- GRS-certified polycarbonate back fused with polyurethane sides
- Transparent design with everyday impact resistance
- Certified drop protection up to 3.6 meters (military standard)
- 2.3 mm raised edges to protect the screen
- Redesigned integrated buttons for smooth and durable tactile feedback
- Integrated camera protection ring built into the structure
- MagSafe compatible for accessories and wireless charging
- Sleek design combining clarity, durability, and a comfortable grip

COMPATIBILITY :

iPhone Air
