EXISTS IN : BLACK, BROWN, BLUE, BEIGE

DESCRIPTION :

This magnetic folio combines premium protection and refinement, featuring an ECCO leather finish — a premium leather from one of the world's most sustainable tanneries.

Soft to the touch and richly textured, it develops a unique patina over time, reflecting your everyday use.

Inside, a microfiber lining protects your device from scratches, while the edges are carefully finished for a perfect fit.

A metal ring molded into the case discreetly protects the camera module. The redesigned camera control button combines a metal frame, scratch-resistant glass, and a soft silicone surface for long-lasting tactile precision.

The matching wallet attaches magnetically to the folio, forming a harmonious set that is both stylish and practical.
