DESCRIPTION :

Duex Float 2 Pro – The New Frontier of Mobile Productivity

Take your visual experience to the next level. The Duex Float 2 Pro is a premium 16" portable monitor with 2.5K resolution that redefines quality and performance standards for demanding professionals.

Professional performance: 16" 2.5K (2560x1600) display with 350 nits brightness, 1200:1 contrast ratio, and 100% sRGB color coverage. 120Hz refresh rate and 8ms response time for exceptional fluidity.

Ultralight design: Just 2.9 lbs and 0.7" thick, maintaining portability without sacrificing quality. Includes built-in stereo speakers and 65W pass-through charging.

Advanced connectivity: USB-C with DP Alt Mode and HDMI. Compatible with Windows, macOS, iOS, Android, and Samsung DeX. Three versatile usage modes with a redesigned magnetic kickstand.

The ultimate portable monitor for creatives and professionals who don't compromise.

STRENGTHS :

• **Premium display**: 16" with ultra-sharp 2.5K resolution (2560x1600)

• **Professional color**: 100% sRGB and 72% NTSC for precise color accuracy

• **Superior fluidity**: 120Hz refresh rate with 8ms response time

• **High brightness**: 350 nits for any work environment

• **Exceptional contrast**: 1200:1 for deep blacks and vibrant colors

• **Ultra-portable**: 2.9 lbs – 33% lighter than Float 1

• **Compact design**: 0.7" thickness – 20% thinner

- **Integrated audio**: High-quality stereo speakers
- **Smart charging**: 65W pass-through keeps your laptop powered
- **Instant setup**: Plug & Play with no extra drivers
- **Magnetic stand**: Redesigned auto-attaching kickstand
- **Total versatility**: 3 adaptable usage modes
- **Universal compatibility**: Windows, macOS, iOS, Android, Samsung DeX

Perfect for: Designers, video editors, developers, architects, and creative professionals
