

ULTRA SLIM MAG POWERBANK 10.000MAH TITAN

Magnetic Powerbank 10,000 mAh (Qi2)

REF : DE-D25MSPB10TM

EAN : 8721145006260

EXISTS IN : BLACK, ROSE GOLD, GREY

DESCRIPTION :

Decoded Slim Mag Powerbank 10,000 mAh — Power and compact design.

Designed for MagSafe and Qi2, it provides secure, magnetically aligned wireless charging up to 15W. USB-C port (input/output) 5V 3A / 9V 2.22A and pass-through to charge the powerbank while powering your phone.

10,000 mAh battery for multiple recharges, with advanced power management and temperature control that reduces output when necessary.

Aluminum housing with a soft-touch magnetic surface and matte finish; only 14 mm thin and ~188 g. LED indicators (5), side button, automatic magnetic alignment, drop-resistant and travel-ready compliant with airline regulations.

Sustainable packaging (plastic-free, FSC-certified) and includes a 20 cm USB-C cable. Functionality and aesthetics in a day-to-day companion.

STRENGTHS :

- Designed for MagSafe-enabled iPhones, aligns magnetically for instant charging
- Compatible with MagSafe and Qi2, works with all Qi2-certified devices
- Supports 15W fast wireless charging for quick, efficient power delivery
- Dual charging allows one device wirelessly and another via USB-C
- USB-C input/output 5V ensures fast and stable energy flow
- Pass-through charging powers your phone while recharging the power bank
- 10,000 mAh capacity provides enough power for multiple iPhone charges
- Durable aluminum housing built for strength, longevity, and a refined finish
- Ultra-slim profile only 14 mm thick for effortless everyday carry
- Compact design — 102 × 70 × 14.3 mm, weight approx. 188 g

- Drop-safe and travel-ready construction, compact, lightweight, and airline-approved
- Soft-touch magnetic surface prevents scratches on your iPhone
- Five LED indicators clearly display charging and battery status
- Power button with tactile feedback for quick on/off control
- Automatic magnetic alignment ensures a perfect charging position
- Smart temperature and power reduction for safety and efficiency
- Included accessories: 20 cm USB-C cable and user manual
- Plastic-free, FSC-certified packaging made from recycled materials
