Portable waterproof speaker with TWS function

REF : BP-ZERWHT

EAN : 5081304398258

EXISTS IN : ORANGE, PINK, PURPLE, RED, WHITE, YELLOW,
BLUE

DESCRIPTION :

Zero Speaker turns any moment into a memorable sound experience. Compact, colorful, and designed to go wherever you do, it offers up to 5 hours of playtime, fast charging (1.5 h), and the convenience of wireless charging. With its IPX6 water resistance, TWS pairing for stereo sound, selfie control, and hands-free calling, Zero Speaker combines functionality and style in a lightweight format (36 g). Available in a wide range of colors, it's the perfect speaker for those who value portability, fun, and hassle-free performance. Plus, every purchase supports global reforestation through One Tree Planted.

STRENGTHS :

- Ultra portable: weighs only 36 g with compact dimensions (45 x 35 x 45 mm).
- Water-resistant: IPX6 certified for splashes and outdoor use.
- TWS pairing: connect two units for immersive stereo sound.
- Fast charging and wireless option: recharges in ~1.5 hours; compatible with wireless charging.
- Multi-function controls: playback, calls, selfies, and volume control directly from the speaker.
- Optimized sound: 3 W driver and 30 mm speaker for impressive power in a mini format.
- Up to 5 hours of playback at medium volume (70%).
- Built-in microphone (ECM) for hands-free calls.
- Warranty: 12 months.
- Responsible packaging and environmental commitment: in collaboration with One Tree Planted.
