

ZERO OCEAN SPEAKER BLACK ATLANTIC

Waterproof speaker made from recycled ocean plastic

REF : BP-ZEXBAT

EAN : 5060746170738

EXISTS IN : GREEN, BLACK, BLUE, WHITE

DESCRIPTION :

Zero Ocean is the pocket-sized speaker that delivers big sound while protecting the ocean. Made from ocean-recovered plastic and available in coastal-inspired colors, it features an upgraded 3 W driver that impresses with power and clarity. Water-resistant (IPX6) and drop-tested, it allows music, hands-free calls, and selfies with a single button. Pair two units in TWS for true stereo, recharge quickly in 1.5 hours, and enjoy up to 5 hours of playback. Compact design, real sustainability: music for your adventures without leaving a footprint.

STRENGTHS :

- Sustainable material: casing made from ocean-recovered plastic.
- Water resistance: IPX6 (jets and splashes; suitable for outdoor use).
- Extremely portable: 45×35×45 mm and only 36 g.
- Powerful sound: 3 W driver (30 mm) delivering impressive performance in a mini format.
- TWS (dual pairing): connect two units for immersive stereo sound.
- Selfie function and built-in multi-function controls (music and calls).
- Drop-tested: designed to withstand everyday adventures.
- Practical battery life: up to 5 hours of playback at 70% volume.
- Fast charging: full recharge in ~1.5 hours (USB-C), USB-A to USB-C cable included.
- 12-month warranty and support for reforestation (One Tree Planted).
