

## ECHOWAVE ANC BLACK

True Wireless earbuds with active noise cancellation

REF : BP-EANCBK

EAN : 5060746170530

EXISTS IN : BLACK, WHITE

### DESCRIPTION :

Echobuds ANC are True Wireless earbuds that take your music and calls to the next level. With 10 mm graphene dynamic drivers, you get punchy bass and clear mids; active noise cancellation (ANC) lets you tune out when needed, or switch to "open-ear" mode to hear your surroundings. Their Boompods design positions the microphones close to your mouth for ultra-clear calls, while touch controls make it easy to manage music, calls, and volume. Sweat-resistant (IPX4), fast USB-C charging, and up to 26 hours of total playback with the case make Echobuds ANC a reliable everyday companion. Available in matte Black and White finishes, they also respect the planet with responsible materials.

### STRENGTHS :

- True Wireless with ANC: active noise cancellation and open-ear mode for environmental awareness.
- 10 mm graphene drivers: clear sound with powerful bass.
- Boompods design optimized for calls: dual microphones positioned for crisp voice.
- Responsive touch controls: easy management of playback, calls, and volume.
- Long total battery life: up to 26 hours with the case (6 h per charge in the earbuds).
- Fast USB-C charging: full recharge in ~1.5 h; fast-charge support (5 min ? quick playback).
- Sweat-resistant: IPX4 (suitable for sports and daily use).
- Wide compatibility: Bluetooth 5.3 (backward compatible).
- 12-month warranty and environmental commitment (One Tree Planted).
