Card-style tracker, compatible with Android Find My Device and Apple Find My

REF : BP-TAACAR

EAN : 5060746170585

EXISTS IN : BLACK

DESCRIPTION :

Never lose what matters to you again. BoomCard is a credit card-sized tracker, made from recycled ocean plastic, that integrates seamlessly with Apple Find My and Android Find Hub. Rechargeable and supporting wireless charging, its ultra-thin design fits in your wallet, backpack, or can be hung using the lanyard hole. Durable (IPX5) for everyday use, BoomCard combines sustainability, technology, and peace of mind: locate your belongings in seconds while caring for the planet.

STRENGTHS :

- Credit card format: ultra-thin and easy to carry in a wallet or sleeve.
- Sustainable material: made from "ocean bound" plastic (recovered from marine environments).
- Compatible with Apple Find My and Android Find Hub: native integration for locating on iPhone and Android.
- Rechargeable with wireless charging: no more disposable batteries.
- Lanyard hole: allows attachment to keys, backpacks, or luggage.
- Water resistance: IPX5 rating (protection against water jets).
- Discreet and universal design: designed for wallet, backpack, luggage, and personal items.
- Eco-friendly label: reduces plastic footprint and supports sustainable practices.
