

BOOMTAG CAR CHARGER UNIVERSEL GREY

Fast car charger with built-in tracker

REF : BP-TCARUN

EAN : 5060746171865

EXISTS IN : GREY

DESCRIPTION :

Never lose track of your car or run out of battery on your phone. BoomTag combines ultra-fast charging for two devices with a smart tracker integrated that connects to Apple Find My and Google Find My Device. Compact and easy to use, BoomTag plugs into the vehicle's 12V socket and offers PD and QC ports to charge your smartphone at high speed; additionally, the LED ring indicates operating and location status. Perfect for those who want power and peace of mind: fast charging on the go and the security of locating the vehicle in parking lots or unfamiliar places.

STRENGTHS :

- Dual fast charging: PD (USB-C) and QC (USB-A) ports to charge two devices simultaneously.
- High performance: ports up to 30 W (fast charging info).
- Real-world charging examples: high-speed charging — Galaxy S21 up to ~80% and iPhone 13 up to ~60% in 30 minutes (according to tests provided).
- Built-in tracker: locate the vehicle from your phone with Apple Find My and Google Find My Device.
- Compact and discreet design: plugs into the car socket without taking up space.
- LED ring: visual indicator for operation and status.
- Compatible with iPhone and Android: native integrations for easy locating on both platforms.
- Practical for parking and travel: locate your car in crowded lots or unfamiliar locations.
- Plug & play installation: no disassembly or complex accessories required.

CHARACTERISTICS :

- Product: BoomTag — Fast Car Charger with built-in tracker.
- Tracking compatibility: Apple Find My and Google Find My Device.
- Charging ports: USB-C (PD 3.0) and USB-A (QC).
