

BOOMPODS<sup>®</sup>

## BOOMPODS TRACKER LOCK UNIVERSEL BLACK

Rechargeable combination lock with built-in tracker  
(compatible with Apple Find My and Google Find My  
Device)

REF : BP-TTSAGG

EAN : 5060746170882

EXISTS IN : BLACK

### DESCRIPTION :

BoomTag Lock lets you secure your luggage and track it if it gets lost. This rechargeable combination lock with a built-in tracker works with Apple Find My and Google Find My Device networks, and is approved by Travel Sentry<sup>®</sup> for security inspections without damage. Made from ocean-bound plastic and reinforced with a durable metal cable, it offers both physical protection and digital peace of mind: lock your suitcase with confidence and locate it from your phone whenever you need.

### STRENGTHS :

- Rechargeable combination lock with built-in tracker.
- Compatible with Apple Find My and Google Find My Device (native tracking).
- Travel Sentry<sup>®</sup> approved: allows safe inspection and re-locking by security authorities.
- Responsible materials: body made from ocean-bound plastic (plastic recovered from marine environments) and reinforced metal cable.
- Rechargeable via USB-C port (no disposable batteries required).
- Water-resistant (waterproof indication in documentation; IP rating to be confirmed).
- Compact and lightweight format, designed for suitcases, backpacks, and travel gear.
- Easy to use: standard numerical combination + tracker pairing.
- Ideal for travellers seeking both physical security and digital tracking in one product.

### CHARACTERISTICS :

- Tracking compatibility: Apple Find My and Google Find My Device.
- Certification: Travel Sentry<sup>®</sup> approved.

- Power supply: built-in rechargeable battery (visible USB-C port).
- Main material: ocean-bound plastic + metal cable.
- Mechanism: numerical combination.
- Charging port: USB-C.
- Tracking function: works with Find My networks to locate luggage or personal items.
