EAN : 1200130028267

EXISTS IN : BLACK, WHITE

DESCRIPTION :

Feel the rhythm, stay aware of your surroundings

Rain, wind, or snow — nothing can stop your training. The JBL Endurance Pace earphones keep your motivation high every step of the way. You can train and push yourself in any weather thanks to the IP68 rating, which makes them resistant to dust and water, allowing you to use them even in the most extreme conditions. Stay aware of the world around you with JBL OpenSound technology, delivering powerful sound enhanced by our adaptive bass boost algorithm, while keeping your workout music and calls directed only into your ears. The ultra-light titanium neckband with memory wire and liquid silicone ear hook ensures a secure and comfortable fit for long periods, whether your HIIT includes burpees or you're training for a marathon. They offer up to 10 hours of music, enough for several workouts between charges, and if you need a quick boost, a 10-minute charge gives you an extra four hours of playtime. Easily manage calls and music with the convenient control button. Use the JBL Headphones app to personalize your sound experience and find your own EQ settings. Whatever your workout style, the JBL Endurance Pace earphones keep you moving without interruption.

STRENGTHS :

- **Optimal comfort with open-ear design**

Neckband with memory wire for a secure and lightweight fit.

- **Extreme durability – IP68 certified**

Water and dust resistant, ideal for any environment.

- **JBL OpenSound Technology**

Powerful, immersive sound while staying aware of your surroundings.

- **Dual microphones**

For clear and crisp calls, even on the move.

- **Long-lasting battery life**

As enduring as your workouts.

- **JBL Headphones App**

Customize your earphones and audio settings anytime.

- **Hands-free calls and music control**

Easily manage your music and calls without interrupting your activity.

- **Multipoint connection + Google Fast Pair**

Switch between devices in an instant.

- **Google Finder and Google Audio Switch compatibility**

For a seamless, connected experience.

CHARACTERISTICS :

- **Driver size:** 18 x 11 mm dynamic driver
- **Power supply:** 5 V? 1 A
