

PLASMA CASE AIRPODS 4 BLACK

MagSafe Case for AirPods 4

REF : UA-104129114040

EAN : 0840283917912

EXISTS IN : BLACK

DESCRIPTION :

Durable and ultra-lightweight protection designed for 4th generation AirPods. The Plasma Series combines a rigid outer shell with an impact-absorbing core to withstand drops without adding bulk, while maintaining wireless charging and MagSafe compatibility and delivering a modern, functional design.

STRENGTHS :

- Military-grade protection in a compact form factor: security without sacrificing style.
- Compatible with wireless charging and MagSafe: charge without removing the case.
- Ultra-lightweight, slim design that preserves AirPods portability.
- Non-slip tactile finish resistant to fingerprints and scratches.
- Quick access to the charging port and full LED indicator functionality.
- Includes a ring/carabiner for easy carrying or attaching to a bag.
- Available in multiple colors/clear options to maintain or personalize the look.

CHARACTERISTICS :

- Compatibility: AirPods (4th generation).
- Materials: rigid outer shell (polycarbonate) + impact-absorbing inner core (TPU/gel).
- Drop protection: design tested to military-type standards (e.g., MIL-STD 810G 516.6).
- Charging: compatible with wireless charging and MagSafe; allows charging without removing the case.
- Accessibility: precise cutout for the Lightning port; window/placement keeps the status LED visible.
- Installation: snap-on design for quick and secure fit.
- Weight and bulk: ultra-lightweight, slim profile for minimal size increase.

- Finishes: textured surface resistant to fingerprints and scratches.
- Included accessories: carrying ring/clip (variant-dependent).
- Temperature/use: materials designed to withstand daily use and abrasion; exact specifications available on the manufacturer's datasheet.

COMPATIBILITY :

AirPods 4
