

PLASMA CASE AIRPODS PRO 3 BLACK

MagSafe Case for AirPods Pro 3

REF : UA-104132114040

EAN : 0840283925924

EXISTS IN : BLACK, GREEN

DESCRIPTION :

Ultra-lightweight and durable case designed for 3rd generation AirPods Pro. It combines a rigid outer shell with an impact-absorbing inner core to protect against bumps and drops without adding bulk; compatible with wireless charging and MagSafe, it maintains full access to ports and the LED indicator.

STRENGTHS :

- Military-grade protection in a compact form factor: security without sacrificing style.
- Compatible with AirPods Pro (3rd generation): precise fit and full protection.
- Supports wireless charging and MagSafe without removing the case.
- Ultra-lightweight, slim design that preserves AirPods portability.
- Textured, non-slip finish resistant to scratches and fingerprints.
- Quick access to the Lightning port and visibility of the status LED.
- Easy and secure snap-on installation; available in multiple colors.

CHARACTERISTICS :

- Compatibility: AirPods Pro (3rd generation).
- Materials: rigid outer shell (polycarbonate) + impact-absorbing inner core (TPU or similar).
- Impact protection: design tested to MIL-STD 810G 516.6-type standard.
- Charging: compatible with Qi wireless charging and MagSafe magnets (allows charging without removing the case).
- Access: precise cutouts for the Lightning port; window/placement keeps the status LED visible.
- Installation: snap-on design for quick, secure fit; no tools required.
- Finish: textured surface resistant to fingerprints and abrasion.

- Weight and profile: ultra-lightweight, low-bulk design for minimal size increase.
- Accessories: some variants include a carrying ring/clip.
- Temperature and durability: materials designed for daily use and wear resistance; refer to the datasheet for exact ranges.

COMPATIBILITY :

AirPods Pro 3
