

SLIM MAG POWERBANK 3.000 MAH SILVER

Magnetic 3K Battery: MagSafe and Qi2 compatible

REF : DE-D25MSPB3SR

EAN : 8721145012773

EXISTS IN : BLACK, SILVER

DESCRIPTION :

Discover the Decoded Slim Mag Powerbank 3K: the ultra-thin magnetic power bank designed to accompany your MagSafe iPhone. It combines a minimalist, premium design with fast wireless charging of up to 15 W and a versatile USB-C port. Its aluminum housing and soft-touch magnetic surface protect your device while it charges securely and aligns instantly. Lightweight, compact, and built for everyday use and travel, it's the stylish solution to keep your iPhone powered at all times.

STRENGTHS :

- Instant magnetic alignment for MagSafe-compatible iPhones: comfortable and secure positioning.
- Fast wireless charging up to 15 W for quicker power on the go.
- Ultra-thin and lightweight: only 5.8 mm and about 82 g, easy to slip into a pocket or bag.
- Premium aluminum design with a matte finish and soft-touch surface to prevent scratches.
- Dual charging: one device wirelessly and another via USB-C at the same time.
- Reversible USB-C port for both input and output, with pass-through charging to power the power bank and phone simultaneously.
- LED indicators (5 levels) and a touch button for quick control of power and battery status.
- Smart safety features: power management and temperature control to protect your devices.
- Travel-ready: robust build, drop-safe design, and compliant with common air-transport requirements.
- Sustainable packaging: plastic-free and FSC-certified, made with recycled materials.

CHARACTERISTICS :

- Capacity: 3,000 mAh (nominal).

- Wireless power: up to 15 W (MagSafe and Qi2 compatible).
- Wireless compatibility: designed for MagSafe iPhones; compatible with Qi2-certified devices.
- Wired port: USB-C input/output, 5 V ? 2 A (input and output).
- Pass-through: yes — allows the power bank to charge while powering the phone.
- Simultaneous charging: supports wireless charging + USB-C output at the same time.
- Management and safety: intelligent power and temperature control, automatic speed reduction when needed.
- Materials and finish: aluminum housing, soft-touch magnetic surface.
- Dimensions: 102 × 69.5 × 5.8 mm.
- Approximate weight: 82 g.
- Indicators: 5 LEDs for battery level and charging status.
- Button: side button with tactile feedback (on/off).
- Resistance: drop-safe construction designed for daily use and travel.
- Included accessories: 20 cm USB-C cable and user manual.
- Packaging: plastic-free, FSC-certified, made with recycled materials.
- Travel standards: designed to be travel-ready and compliant with air-transport requirements (per manufacturer specifications).
