#### **Purebass, no noise**

Your music is in the spotlight with the JBL Tune 780NC wireless headphones.

The JBL Pure Bass sound and immersive spatial audio surround you with clear and powerful music, while the Adaptive Noise Canceling feature helps you avoid distractions. The elegant circumaural design and subtle metallic details enhance the choice of elegant colors. Up to 76 hours of battery life means you can space out recharges by a week. And if you need to recharge, 5 minutes give you an extra 5 hours, or simply plug in the detachable cable of the headset to keep enjoying your music. With its 2 microphones that capture your voice with precision, calls are perfect on both ends. The smooth Bluetooth® switching allows you to stay connected on all your devices while easily customizing the sound of your music and calls with crystal-clear clarity using the JBL Headphones app. It is light enough to be worn all day, but also foldable to easily fit into any bag when you turn off your music.

From morning podcasts to playlists that last until the end of the nite, the JBL Tune 780NC headphones are designed to keep up with your pace and stand out.

### **STRENGTHS :**

#### **High-Resolution JBL Pure Bass and Spatial Sound**

JBL Pure Bass sound adds depth, power, and energy to everything you listen to. The custom 40 mm drivers deliver rich and dynamic sound, whether you're at work or immersed in your playlist. Our exclusive JBL Spatial Sound technology surrounds you with your music as sound naturally flows in all directions on any device. For even more detail and clarity, enjoy high-resolution audio through the included USB-C 3.5 mm audio cable.

#### **Adaptive Noise Cancelling and Smart Ambient Technology**

Adaptive Noise Cancelling automatically adjusts to eliminate distractions, whether you're focused on work or immersed in music. Use Ambient Aware and TalkThru to hear your surroundings or participate in conversations without removing your headphones. Easily manage everything with the JBL Headphones app.

## **2 Beamforming Microphones for Perfect Calls**

Two beamforming microphones accurately capture your voice without background noise, while our latest noise-reduction technology filters ambient sound in noisy environments. Whether you're on a conference call in a busy café or chatting with a friend during your commute, your voice comes through clearly and audibly.

## **Up to 76 Hours Battery Life + Fast Charge**

With a maximum battery life of 76 hours\*, your JBL Tune 780NC headphones last longer than your longest playlists. Need a quick boost? Five minutes of charging gives you five hours of additional playback. When it's time to fully recharge, you'll get 100% in about two hours.

\*With ANC and Bluetooth off. You can get up to 50 hours with them on.

\*\*Charging cable not included.

## **Multipoint Connection with Bluetooth® 6.0**

Pair your headphones to two Bluetooth® devices, then switch effortlessly between them. Watch a movie on your tablet in the airport lounge without missing boarding announcements from your phone. With Bluetooth® 6.0, enjoy high-quality streaming with low power consumption and latency. Audio stays perfectly synchronized, whether you're on a video call or watching a movie.

## **Lightweight, Comfortable, and Foldable**

Stay comfortable no matter how long you listen, thanks to soft circum-aural cushions and a lightweight, padded headband. When it's time to move on, your JBL Tune 780NC folds flat for easy storage in your everyday bag.

## **Customize Your Sound with the JBL Headphones App**

Use the JBL Headphones app to configure Personi-Fi 3.0 and shape your music to match your audio profile. Customize the EQ, choose presets, control Smart Ambient settings, and more.

## **Google Fast Pair and Microsoft Swift Pair**

Pairing on Android or Windows 10/11 has never been easier. Just turn on your JBL Tune 780NC headphones and follow the instructions. No menus, no delay, just seamless listening.
