

## TUNE 780 NOISE CANCELLING BT BLACK

Wireless Bluetooth headphones with noise cancelation

REF : HA-JBLT780NCBLK

EAN : 1200130030482

EXISTS IN : racine, racine, racine, racine

### DESCRIPTION :

#### **Purebass, no noise**

Your music is in the spotlight with the JBL Tune 780NC wireless headphones.

The JBL Pure Bass sound and immersive spatial audio surround you with clear and powerful music, while the Adaptive Noise Canceling feature helps you avoid distractions. The elegant circumaural design and subtle metallic details enhance the choice of elegant colors. Up to 76 hours of battery life means you can space out recharges by a week. And if you need to recharge, 5 minutes give you an extra 5 hours, or simply plug in the detachable cable of the headset to keep enjoying your music. With its 2 microphones that capture your voice with precision, calls are perfect on both ends. The smooth Bluetooth® switching allows you to stay connected on all your devices while easily customizing the sound of your music and calls with crystal-clear clarity using the JBL Headphones app. It is light enough to be worn all day, but also foldable to easily fit into any bag when you turn off your music.

From morning podcasts to playlists that last until the end of the nite, the JBL Tune 780NC headphones are designed to keep up with your pace and stand out.

### STRENGTHS :

#### **High-resolution sound JBL Pure Bass and spatial sound**

The JBL Pure Bass sound adds depth, power, and energy to everything you listen to. The custom 40mm speakers deliver rich and dynamic sound, whether you're at work or immersing yourself in your playlist. Our exclusive JBL Spatial Sound technology envelops you in your music as the sound naturally flows in all directions, on any device. If you want even more detail and clarity, enjoy high-resolution audio with the included USB-C 3.5mm audio cable.

#### **Adaptive Noise Reduction and Smart Ambient technology**

Adaptive Noise Cancelation automatically adjusts to eliminate distractions, whether you are focused on your work or

immersed in your music. Use Ambient Aware and TalkThru to hear what's happening around you or to join conversations without removing your headphones.

#### **Manage all of this easily with the JBL Headphones app.**

2 microphones with beamforming technology for perfect calls

Two beamforming microphones accurately capture your voice without background noise, while our latest noise reduction technology filters ambient sound in the noisiest environments. Thus, whether you are in a teleconference at a very busy café or chatting with a friend during your commute, your voice is clear and well audible.

#### **Up to 76 hours of battery life + Fast charging**

With a maximum battery life of 76 hours\*, your JBL Tune 780NC headphones will last longer than the longest of your playlists. Need a little boost? Five little minutes of charging give you five extra hours of reading. And when it's time to recharge the battery, you'll get 100% in about two hours.

\* With RBA and Bluetooth disabled. With RBA and Bluetooth disabled. You can spend up to 50 hours with it. \* Charging cable not included Charging cable not included

#### **Multipoint connection with Bluetooth® 6.0**

Pair your headset with two Bluetooth® devices, then effortlessly switch between them. Watch a movie from your tablet in the airport lounge without missing any boarding announcements from your phone. Thanks to Bluetooth® 6.0, enjoy high-quality streaming with reduced energy consumption and latency. The audio remains perfectly synchronized, whether you are on a video call or watching a movie.

#### **Lightweight, comfortable, and foldable**

Stay comfortable, no matter how long you listen, thanks to the soft over-ear cushions and the lightweight, padded headband. And when it's time to move on, your JBL Tune 780NC folds flat for easy storage in your daily bag.

#### **Customize your sound with the JBL Headphones app**

Use the JBL Headphones app to set up Personi-Fi 3.0, and shape your music to match your audio profile. Customize the EQ, or choose one of the presets, control your Smart Ambient settings, and more.

#### **Google's Fast Pair and Microsoft's Swift Pair**

Pairing on Android or Windows 10/11 has never been easier. Simply turn on your JBL Tune 780NC headphones and follow the instructions. No menus, no delay, just smooth listening.
