To take everywhere

An XXL ambiance, a pocket-sized format. The JBL Go 5 speaker delivers impressive sound power. The legendary JBL sound stands out with crystal-clear details as well as deep and rich bass, exceeding all expectations for a palm-sized format. But the Go 5 is much more than just an iconic sound. The new edge lighting creates a subtle luminous ambiance, complemented by customizable themes and visual indicators for power on, pairing, and battery life. And with up to 10 hours of battery life, the JBL Go 5 will accompany you from morning to night to keep your day on rhythm. Take this IP68 certified speaker everywhere, waterproof, dustproof, and drop-resistant, and no longer fear unexpected downpours or everyday little accidents. And when the party demands a more powerful sound, this speaker is always ready. Bring two Go 5 speakers close together to pair them via AirTouch for true stereo sound or use Auracast™ to connect JBL Auracast™ compatible speakers and further increase the volume. And with the JBL Portable app, you can truly customize your listening experience. All the power of sound, in an easy-to-carry format.

STRENGTHS :

A powerful sound in the palm of your hand

The JBL Go 5 speaker offers legendary JBL sound even louder and deeper bass than ever before. All the power of sound in an ultra-compact speaker that fits in the palm of your hand.

Ambient lighting on the edges, which enhances the atmosphere

Create the ambiance with edge lighting. Choose from the light themes and get visual cues for power on, pairing, low battery, or Auracast™ mode.

Up to 10 hours with Playtime Boost

Enjoy up to 8 hours of listening, with an additional 2 hours thanks to Playtime Boost. This way, you can enjoy every charge to have even more fun.

All protections (dust, water, and falls)

Days at the beach, surprise showers, clumsy hands... No worries. With IP68 waterproof, dustproof, and drop-resistant protection, the JBL Go 5 speaker holds up in any situation.

Instant stereo pairing AirTouch

Pair two JBL Go 5 speakers via AirTouch for true stereo sound. It pairs them instantly for true left/right stereo sound.

Connect and play with Auracast™

Connect multiple JBL Auracast™ compatible speakers wirelessly and experience an even broader and more immersive sound.

A pure sound, with lossless playback

Plug in and listen to your playlists in their purest form. The JBL Go 5 speaker supports lossless USB-C sound for high-quality streaming that captures every detail.

****Requires compatible lossless audio content from supported apps/services.****

Personalization with the JBL Portable app

Make your speaker your own. Refine your sound with a 7-band equalizer, select light themes, and update your technology on the fly, all from the JBL Portable app.

Recycled plastic without PVC and FSC-certified paper packaging

The JBL Go 5 speaker is packaged with post-consumer recycled plastic and fabric without PVC, as well as a recycled magnet. It is packaged in FSC-certified paper, printed with soy ink.
