

RUGGED FLASHLIGHT POWERBANK 100W - 40.000 MAH

External battery 40.000mAh with flashlight

REF : XT-XR204

EAN : 8718182278330

EXISTS IN : BLACK

DESCRIPTION :

This Rugged Power Bank with flashlight is the Swiss Army knife under the power banks. It has a huge 40K mAh capacity, 3 USB ports, a multifunctional light and smart display!

STRENGTHS :

BEST OUTDOOR POWER BANK WITH IP64 RATING

The Rugged Power Bank is shock, dust and water resistant with an IP64 rating. This makes the powerful portable battery usable anytime, anywhere, even on wet or dusty surfaces! You can easily take it with you in a bag or backpack, and because of its orange colour you quickly find the Power Bank. Thanks to its IP64 rating and rugged design, it can take a beating and you won't have to worry about damage from dust, bumps or a few raindrops.

POWER BANK WITH TORCH

The integrated lamp has four different modes and corresponding functions. One mode works like a classic torch and has a spotlight function. With the other mode, you light up a small space, such as a tent, perfectly! You always have the right light to find your way in the dark or to light up a room atmospherically. An SOS and flash function have also been thought of. But, of course, we hope you will never need these.

CHARGE MULTIPLE DEVICES WITH XTORM ULTRA FASTCHARGE AND 40K MAH

With the three different USB ports, you charge a variety of smartphones, tablets, drones, cameras and earbuds. The 100W Ultra FastCharge output is even powerful enough to charge a laptop or Nintendo Switch! This technology charges all devices

in no time and with a capacity of 40K mAh, you are never without #MoreEnergy.

TIP: CHARGE THE POWER BANK WITH SOLAR POWER

You can charge multiple devices simultaneously and the pass-through function allows you to charge a device while the Power Bank itself is charging. When using Xtorm Solar Panels to recharge, there is even no need for a power socket. For example, use the Xtorm 28W Solar Booster to recharge the Rugged Power Bank with solar power.

HANDLE FOR ULTIMATE PORTABILITY

The Rugged Power Bank is bigger than the average power bank because it incorporates so many extra functions and capacities. The handle with adjustable strap, ensures you can still easily take it with you. Use it to walk with the Power Bank across the campsite, the beach or through the woods. The perfect basic gadget for all your outdoor-adventures.

SMART DISPLAY TO MONITOR CHARGING

Another practical feature of this Power Bank is the Advanced Intelligent Display. On it, you can read charging times, the battery percentage and output wattages in real time. You can see at what speed your device is charging and how much energy the Power Bank itself has left. This ensures that you can charge it on time and always have #MoreEnergy while adventuring.

CHARACTERISTICS :

- **Rugged design with IP64 rating:** shock, dust, and water resistant
