

## 65W FAST TRAVEL CHARGER WITH CABLE

Travel charger set with USB-C cable

REF : XT-XTPC0651

EAN : 8720195102038

EXISTS IN : BLACK

### DESCRIPTION :

This 65W Fast Travel Charger bundle has everything you need to charge your favourite devices worldwide: a compact GaN<sup>3</sup> Ultra adapter, USB-C PD cable and universal world plugs.

### STRENGTHS :

#### Compact fast-charger with universal world plugs

The compact 65W Fast Travel Charger is perfect for at home, travels, or on the go. Thanks to the flat and compact design, the charger easily fits your handbag, backpack or suitcase. The bundle contains multiple interchangeable world plugs so you can charge your smartphone, MacBook Air, iPhone, iPad and Android-devices all over the world.

#### Interchangeable plugs in handy travel case

The Fast Travel Charger works worldwide with type C (EU), type A (US), type G (UK) and type I (AU/NZ) power outlets. The integrated US plug on the adapter is foldable and you simply click the EU, UK or AU/NZ plug over it. The adapter, plugs and high-capacity USB-C cable are easily stored in the included travel case. With this bundle, you can be sure that you can recharge your mobile devices at all destinations!

#### GaN<sup>3</sup> Ultra technology in ultracompact size

The flat and compact adapter is so small, it fits in the palm of your hand. Thanks to GaN<sup>3</sup> Ultra fast-charge technology, this adapter is an astonishing 57% smaller than our previous model. You effortlessly use it behind furniture or in tight spaces. Packing even more Xtorm technology in a smaller housing.

#### Fast charging with USB-C PD & USB-A QC 4.0

The powerful USB-C PD 65W port is perfect to fast-charge bigger devices like a tablet, MacBook Air, HP ProBook or other USB-C laptops. Use the USB-A QC 4.0 port at the same time to charge accessories like your smartphone, drone, bluetooth

speaker or noise-cancelling headphones. Within 30 minutes your smartphone is charged to 50% and your laptop to 45%. When using both ports simultaneously, the USB-C output provides 45W and the USB-A output 12W.

### **Safe and durable charging**

This Fast Travel Charger complies with Xtorm's extensive 6-layer safety check too. Both the adapter and connected devices are protected against short-circuiting, overcharging and overheating, among other things. The housing is made of 97% GRS-certified recycled plastic that meets all quality standards. #TravelProof on the go without compromising on quality or performance.
