DESCRIPTION :

Arc Pulse for AirPods Pro 3 is the perfect case if you want protection without compromising Apple's design.

Two high-quality metal pieces (aluminum or titanium, depending on the version) fit precisely onto the case, reinforcing the edges and corners against bumps and scratches without adding unnecessary bulk or weight.

It keeps the original size almost unchanged, leaves the case design visible, allows continued use of wireless charging and the port without any issues, and feels solid and premium in hand.

It's more than just a case: it's a minimalist design piece that makes your AirPods Pro look even more exclusive.
