

Aqara

SHUTTER SWITCH H2 EU

Recessed smart switch compatible with Zigbee and Thread

REF : AQ-DS-K02D

EAN : 6975833358762

EXISTS IN : WHITE

DESCRIPTION :

The Aqara Shutter Switch H2 EU smart switch provides convenient control of roller shutters, Venetian blinds and other motorized shading systems. Supporting Thread and Zigbee protocols as well as the Matter standard, it integrates seamlessly into smart home ecosystems without complex setup. Advanced calibration options ensure precise and reliable shutter movement. Its intuitive side buttons allow easy manual control, while customizable wireless buttons enable automation and scene activation. Featuring a discreet LED indicator and compatibility with standard European wall frames, it offers a stylish and practical solution to automate light management and indoor comfort.

STRENGTHS :

- In-wall smart switch designed for roller shutters, Venetian blinds and motorized shades
- Dual Thread and Zigbee protocol support with Matter compatibility (depending on ecosystem)
- Precise control of four-wire bidirectional AC motors
- Smart, customizable calibration and automatic recalibration for accurate movement control
- Intuitive side buttons with open, close and stop controls
- Customizable wireless buttons to trigger smart home automations and scenes
- Discreet LED indicator designed to minimize light disturbance
- Compatible with standard European 55 × 55 mm wall frames
- Helps optimize natural light management and indoor comfort
