DESCRIPTION :

The Satechi USB-A to USB-C Aluminum Adapter lets you easily upgrade your USB-C cables and devices using traditional USB-A ports. Simply plug it into the USB-A port of your computer, charger, or hub to instantly get a functional USB-C port for data syncing, connecting accessories, or charging compatible devices. Its brushed aluminum construction matches modern devices while providing excellent durability in an ultra-compact design, making it perfect to carry in your bag or laptop sleeve. It's the ideal solution for continuing to use your new USB-C accessories with older computers, car chargers, or adapters that only feature USB-A ports.

STRENGTHS :

- Converts USB-A ports to USB-C for modern device compatibility
- Enables use of USB-C cables and peripherals on legacy devices
- Ultra-compact design ideal for travel and daily use
- Simple plug-and-play functionality with no setup required
