

ELEMENTS PRO USB-C TO 3.5MM AUDIO ADAPTER - 10CM

Adaptateur compact USB C vers jack 3,5 mm pour connecter vos écouteurs ou casques aux appareils modernes.

REF : AL-ELPC35A-BK

EAN : 9350784019394

EXISTS IN : BLACK

DESCRIPTION :

The ALOGIC Elements Pro USB-C to 3.5mm audio adapter is an ideal solution for connecting headphones or speakers to modern devices without a traditional audio jack. Featuring an integrated active chipset, it ensures reliable audio conversion and clear sound performance. Its compact 10 cm design makes it easy to carry, while the reinforced braided cable and durable TPE housing provide excellent protection against daily wear. Compatible with most USB-C smartphones, tablets and laptops, it is a practical and long-lasting accessory for enjoying music, calls and multimedia content.

STRENGTHS :

- Converts a USB-C port into a 3.5 mm audio output
- Ideal for using traditional headphones and speakers with USB-C phones, tablets, and laptops
- High-quality sound for music, video calls, and gaming
- Short 10 cm cable: convenient, flexible, and easy to carry
- Reinforced design with braiding and strain relief for greater durability
- Minimalist, premium aesthetic that complements modern devices
- Plug & Play: no drivers needed, just connect and use (on compatible devices)

CHARACTERISTICS :

- Connection: USB-C to 3.5mm audio jack
- Integrated active chipset for improved sound quality
- Compatible with USB-C smartphones, tablets and laptops
- Reinforced braided cable for enhanced durability
- TPE housing for maximum strain relief and protection

- Cable length: 10 cm
- Weight: 21 g
