

FEEDER METAL V AI WITH SOLAR

Smart bird feeder: 1080P/60fps camera, AI, night vision, cloud, and suet holder

REF : BI-EPPAMBNBFM00320

EAN : 0810198941500

EXISTS IN : GREY

DESCRIPTION :

Ultra-Smooth 60FPS Video with 1080P HD: Capture every wingbeat and feather in lifelike clarity with 60FPS high frame rate and crisp 1080P resolution. Enjoy smooth live viewing and slow-motion replays right in the Birdfy app.

AI Bird Identification with Real-Time Alerts: Built-in AI technology accurately identifies 6,000+ bird species and sends instant notifications to your phone. Know exactly who visits your feeder—anytime, anywhere.

Durable Metal Build with Suet Holder: Crafted with chew-proof, rust-resistant metal for year-round outdoor use. Includes a side-mounted suet cake holder to attract more backyard favorites like chickadees and woodpeckers.

Free Cloud Storage & Wi-Fi Connected: Connects to 2.4GHz Wi-Fi and offers free 5GB cloud storage with 30-day video retention, making it easy to save and share your favorite birdwatching moments.

Designed with Bird Lovers, for Bird Lovers: Birdfy was the first brand to bring smart bird feeders to the public. The Metal V model was co-designed with thousands of birdwatchers to meet real backyard needs with intelligent features and effortless birdwatching joy.
