EAN : 0810198940152

EXISTS IN : GREY

DESCRIPTION :

Discover the Birdfy Smart Bird Feeder with Camera: the easiest and most exciting way to start enjoying birdwatching from your own garden. This mini smart feeder installs in minutes, is easy to clean, and turns every visit from your feathered guests into a cinematic experience. It streams 1080P HD video directly to your phone, records at 60 FPS for slow-motion captures, and thanks to AI identification and instant alerts in the Birdfy app, you'll instantly know who came to peck. With full-color night vision and automatic capture, even nighttime visits are immortalized. The perfect gift for bird lovers and those new to birdwatching.

STRENGTHS :

- 1080P HD video to see all the details and colors
- 60 FPS recording for smooth slow-motion, free in the app
- Automatic photo and video capture when activity is detected
- AI bird identification (over 6,000 species) — 7-day free trial in the app
- Instant alerts on your phone when visitors arrive
- Full-color night vision to observe nocturnal birds
- Easy and quick installation; mini design, ideal for beginners
- Easy to clean and maintain
- Integration with the Birdfy app for streaming, control, and recording management
- Perfect gift for bird enthusiasts and nature lovers
