

USB-C STYLUS FOR ALL IPADS WHITE EDU

REF : ST-234-498Z-01

EAN : 1220000770225

EXISTS IN : WHITE

DESCRIPTION :

Enhance your creative and productive experience on iPad with the STM Stylus: a precise, lightweight, and rechargeable active pencil designed for professionals, students, and creatives. It offers instant responsiveness, tilt sensitivity, and palm rejection for natural writing, drawing, and shading. Its USB-C charging, long battery life, and replaceable tips make it a reliable tool for taking notes, annotating documents, and creating whenever inspiration strikes.

STRENGTHS :

- Professional precision for fine lines and natural writing (± 0.5 mm at the center of the screen).
- Tilt sensitivity to vary thickness and shading like a real pencil.
- Palm rejection: rest your hand comfortably without affecting your strokes.
- Instant connection without Bluetooth: double-tap to power on and auto-pair.
- Lightweight and ergonomic: comfortable for long sessions.
- USB-C rechargeable with included cable: easy and quick to charge.
- Long battery life: suitable for full workdays and classes.
- Includes replacement tips to extend lifespan and maintain precision.
- Durable design with premium aluminum finish.

CHARACTERISTICS :

- Compatibility: designed for iPads released after 2018.
- Dimensions: 166 x 9 mm.
- Stylus tip: 1.7 mm (material: POM/Copper).
- Body material: aluminum.
- Precision: up to ± 0.5 mm accuracy at the center of the screen.
