Kids GPS Smart Watch with AMOLED display, voice/video calls, SOS, and health sensors

REF : SV-GPS-ICONIC2-CANDY

EAN : 8437026689414

EXISTS IN : BLACK, BLUE, PINK, BLUE, MULTICOLOR, GREEN, MULTICOLOR, BLUE, MULTICOLOR, RED

DESCRIPTION :

Iconic Plus 2 is a kids GPS watch, durable and customizable, designed for children (approx. 4–7 years old). It offers real-time location tracking, voice and video calls, health sensors (temperature, pulse, and blood pressure), and an SOS button. Its straps and designs adapt to the child's style, giving parents peace of mind without compromising fun.

STRENGTHS :

- Perfect for families seeking safety and customization: combination of location features and health sensors.
- Peace of mind for parents: SOS alerts, real-time tracking, and parental control via app.
- Adaptable to the child's style: printed straps and solid colors to choose from.
- Full communication without a smartphone for the child: voice and video calls directly from the watch.
- School-friendly use: configurable mode to respect class time.
- Good daily battery life thanks to its 850 mAh battery (varies with usage and coverage).
- Ideal as a practical and safe gift for first experiences with connected watches.

CHARACTERISTICS :

- Dimensions: 22 x 4 x 1.6 cm.
- Display: AMOLED 1.78".
- Processor: 1.2 MHz.
- Battery: 850 mAh.
- Geolocation: instant and accurate positioning (GPS and complementary methods depending on coverage).
- Communications: voice calls and video calls compatible with the app.
- SOS button and anti-bullying mode: alerts sent and protection against unwanted contacts.
- Health sensors: measurement of temperature, heart rate, and blood pressure (indicative data; does not replace a medical diagnosis).
- Secure artificial intelligence: AI-based features to improve safety and detection (depending on configuration).
- Configurable school mode: limits notifications and communications during school hours.
- Customizable straps and design: a variety of patterns and colors to suit the child's preferences.

- Compatible app: management and configuration via the parental app (iOS/Android).
- Location history and geofencing: movement tracking and creation of safe zones (geofencing).
- Compatible with 4G/5G SIM cards (requires a minimum data plan of 260 MB/month) and management of authorized contacts.
- Materials and durability: design intended for children's everyday use (see protection rating and durability).
