

## SENIOR WATCH WITH GPS AND CALL BLACK/GREY

4G GPS Smart Watch for seniors: voice/video calls, fall detection, medication reminders, and health sensors

REF : SV-GPS-SENIOR-NEGRO

EAN : 8425402547328

EXISTS IN : BLACK

### DESCRIPTION :

Senior is a 4G GPS watch designed for seniors. It allows real-time location tracking, making and receiving calls and video calls, fall detection, medication reminders, and SOS alerts. It is easy to use and designed to provide safety and peace of mind for family members and caregivers.

### STRENGTHS :

- Peace of mind for families and caregivers: fall detection, SOS, and real-time location tracking.
- Medication support: automatic voice/text reminders.
- Quick and accessible communication: calls and video calls without the user needing a smartphone.
- Easy to use: design tailored for seniors (simple use and clear alerts).
- Ideal for daily monitoring and emergency situations: combines safety, health, and communication in one device.
- Check network compatibility and SIM card requirements before purchase.

### CHARACTERISTICS :

- Dimensions: 23.7 x 4.3 x 1.5 cm.
- Screen: 1.4".
- Battery: 700 mAh.
- Compatible with 4G/5G SIM cards (requires a minimum data plan of 260 MB/month) and management of authorized contacts.
- Geolocation: instant and accurate positioning.
- Fall detection: automatic alert with 6 sensitivity levels.
- Calls and video calls: two-way communication from the watch.
- Medication reminders: programmable voice and text notifications.
- Health sensors: temperature, heart rate, and blood pressure (indicative data; does not replace a medical diagnosis).
- SOS button and safe zones (geofencing): alerts sent and creation of safe areas.
- App management: control and configuration via the caregiver app (iOS/Android).
