EXISTS IN : PINK, BLACK, MULTICOLOR, GREEN, PINK, BLACK, RED, YELLOW, GREEN, BLACK, ORANGE

DESCRIPTION :

SaveWatch Plus is a GPS-enabled smartwatch designed to keep your children or elderly loved ones safe, located, and connected. It allows you to track their location in real time, communicate with them through calls, and send an instant alert with the press of the SOS button. Comfortable to wear, it is designed to provide peace of mind for the whole family.

STRENGTHS :

- Peace of mind for parents and caregivers: easy monitoring and instant notifications.
- Easy setup and use: designed for users without technical knowledge.
- Ideal for children and the elderly: size, design, and features focused on personal safety.
- Direct communication without requiring a smartphone: allows calls directly from the watch.
- Updates and support: remote update capability and customer service support.
- Variety of colors and straps: options to personalize according to user preferences.
- Good price-to-functionality balance: a practical solution for personal safety without complexity.
- Warranty and compatibility: commercial warranty (see conditions) and compatibility with most local carriers.

CHARACTERISTICS :

- Dimensions: 24.5 x 4 x 1.3 cm.
- Display: 1.85" COB.
- Processor: 1.2 MHz.
- Hybrid positioning: GPS + AGPS + LBS + Wi-Fi for improved accuracy both outdoors and indoors.
- Mobile connectivity: compatible with mobile networks (4G/3G/2G depending on the model/region) for data transmission and calls.
- Two-way calling: allows making and receiving calls between the watch and authorized contacts.
- SOS button: emergency button that sends an immediate alert to predefined contacts and triggers a call/alert.
- Geofencing: creates safe zones and sends alerts if the person enters or leaves these areas.
- Location history: view movements and routes over a given period.
- Remote monitoring / one-way listening: ability to listen to the watch's surroundings (safety/monitoring).

- Battery with power-saving mode: optimized battery life thanks to energy-saving modes (duration varies depending on configuration and coverage).
- Water resistance and everyday durability: designed for daily use (see IP rating in technical specifications).
- Display and ergonomics: touchscreen or easy-to-use buttons and a comfortable strap for continuous wear.
- Compatible app: control and configuration via a mobile app for iOS and Android.
- Compatible with 4G/5G SIM cards (requires a minimum data plan of 260 MB/month) and management of authorized contacts.
