EAN : 0848116052243

EXISTS IN : WHITE

**DESCRIPTION :**

Slim GaN 45 W Wall Charger (2x USB-C) — White (EU plug)

Compact, discreet and powerful, this wall charger pairs GaN technology with an ultra-slim form factor to deliver fast and reliable charging while freeing up space around your sockets. With its flush-fit design, it is 53% shallower than a standard 45 W charger, making it ideal for outlets close to walls or tucked behind furniture.

Featuring two USB-C ports, it can charge one or two devices simultaneously up to 45 W total, providing sufficient power to fast charge a smartphone, tablet or USB-C compatible notebook. Power distribution is automatically adjusted depending on connected devices to optimise charging performance.

GaN (gallium nitride) technology significantly reduces heat generation, enabling safer and more efficient operation compared with traditional chargers. This means high performance charging without excessive warming.

Compact product dimensions: 84 mm (H) × 46 mm (W) × 46 mm (D). Input: AC 100–240 V~ 50/60 Hz, 1.2 A max. This model is supplied in white with an AU plug.

The pack includes the Slim GaN 45 W Wall Charger (2x USB-C) and a user guide. USB-C cable not included. The product is covered by a 5-year manufacturer warranty for lasting peace of mind.

STRENGTHS :

- Charge in even the tightest spaces. With a flush-fit design, this Slim Wall Charger is 53% smaller in depth than a standard 45W charger, so there's no corner of your home you can't power.
- Enough power to charge your phone, tablet or notebook.

- Charge your phone or two devices at the same time with dual USB-C ports.
- Advanced GaN technology keeps your wall charger cool for a safer, more reliable charging experience.
- Enjoy peace of mind with coverage for five years.
