Eco case with integrated S.Mount for iPhone 16 Pro

REF : SC-S-DA63-DG

EAN : 0799793506621

EXISTS IN : BLACK

### **DESCRIPTION :**

The ShiftCam S-Mount Fabric Case in Dark Grey transforms your iPhone into a powerful modular camera ready for any situation. Designed with an integrated S-Mount system, it lets you attach ShiftCam lenses (wide-angle, telephoto, macro, etc.) in seconds and take your mobile photography to the next level without bulky gear.

Its dark grey fabric finish delivers a premium, elegant look, while the rigid structure protects your phone from everyday bumps and scratches. It's the perfect combination of protection and professional functionality: a case that safeguards your iPhone, improves grip, and turns it into a creative tool ready to capture high-quality photos and videos.

### **STRENGTHS :**

- **Turn your iPhone into an advanced camera:** Attach ShiftCam lenses in seconds and expand your camera's capabilities.
- **More creativity in your photos and videos:** Switch lenses depending on the situation—travel, portraits, landscapes, social media content, and more.
- **Everyday protection with style:** Protect your phone from bumps and scratches with a modern dark grey fabric design.
- **Improved grip while shooting:** Fabric texture provides a comfortable feel and more secure handling for photo and video.
- **Ideal for content creators:** Perfect for vloggers, mobile photographers, and users who frequently capture and share content.
- **Quick and easy mounting:** Attach and remove ShiftCam lenses without tools or complicated steps.
- **Premium look:** An elegant finish suitable for both professional use and everyday life.

## CHARACTERISTICS :

- **Integrated S-Mount system:** Dedicated ShiftCam mount for attaching compatible lenses.
- **Dark Grey fabric finish:** High-quality textile material for a sophisticated look and enhanced grip.
- **Rigid protective structure:** Durable case designed to absorb impacts and protect the device.
- **Custom-fit design for iPhone:** Precise cutouts for buttons, ports, and camera while maintaining full functionality.
- **Compatible with ShiftCam S-Mount lenses:** Built for the brand's interchangeable lens ecosystem.
- **Slim and lightweight profile:** Adds protection and mounting capability without significantly increasing bulk.
- **Designed for continuous use:** Made to stay on your phone at all times, for both daily use and photo/video sessions.
