

GAMESIR X5 LITE PINK

Type-C wired mobile game controller

REF : GS-GSX5LP003-1

EAN : 6936685223080

EXISTS IN : BLACK, BLACK, PINK, GREEN, WHITE

DESCRIPTION :

Discover the GameSir mobile controller: a compact controller designed to play anywhere, without compromise. Thanks to GameSir™ Hall Effect anti-drift sticks and cushioned membrane triggers and buttons, enjoy long-lasting precision and a comfortable grip—perfect for quick matches or extended sessions.

Its built-in, movable Type-C wired connection ensures ultra-low latency and a reliable connection, while pass-through charging lets you play without interruption. Compatible with most smartphones (105–213 mm)—including iPhone 16/15 and iPad mini—it remains lightweight and easy to carry.

Laser-engraved textured grips provide excellent hold, and the Turbo function adds useful options for certain games. Customize buttons and profiles via the GameSir app to tailor the controller to your playstyle.

Compact, reliable and high-performing—take the GameSir controller and turn your phone into a true handheld console.
