

RUGGED SOLAR POWERBANK 10.000MAH

External solar battery 10.000mAh

REF : XT-XR203

EAN : 8718182277685

EXISTS IN : BLACK

DESCRIPTION :

Take your power bank fully charged and let the Gen '24 solar panels top it up during your adventures. The panels fold for protection, and an indicator immediately shows whether the sun is providing enough energy. Thanks to the built-in kickstand, it's easy to tilt the power bank to capture maximum sunlight.

Designed for the outdoors, the Rugged Power Bank is shock-, dust- and water-resistant (IP65). Its reinforced bumper protects against drops, the bright orange color makes it easy to spot in a bag or tent, and the integrated flashlight lights the way at night. The carabiner lets you attach it easily to a pack or strap — ideal for cycling, hiking, or camping.

Charge and power your devices via three versatile ports:

- 1× USB-C PD: charges the power bank at 18 W / output SuperCharge 20 W
- 1× USB-C Fast Charge: 15 W
- 1× USB-A: 18 W

Pass-through charging lets you charge the power bank while powering a connected device. When multiple ports are used, the available power is automatically distributed between them.

Two handy LEDs keep you informed: one shows whether the solar panel is producing enough power, the other displays the remaining battery capacity — press the button to see the charge level instantly.

Xtorm, a specialist in outdoor products since 2008, primarily uses premium GRS-certified recycled plastics and subjects its products to a six-step safety inspection. The result: a safe, durable power bank designed to accompany you everywhere.

STRENGTHS :

- Rugged design with IP65 rating: shock, dust, and water resistant

- Solar Panels Gen '24 for extra efficiency
- 10K mAh for 2 extra phone charges
- 1x 20W USB-C PD, 1x 15W USB-C, 1x 18W USB-A QC3.0 (22,5W for Huawei)
- Integrated Flashlight and Kickstand
- Indicator for solar power and battery capacity
- Recycled plastic

CHARACTERISTICS :

Measurements

- **Article height:** 2.70 cm
- **Article width:** 9.50 cm
- **Box height (incl. hook):** 22.50 cm
- **Box width:** 12.00 cm
- **Carton height:** 24.50 cm
- **Carton width:** 28.00 cm
- **Article length:** 16.60 cm

Battery information

- **Cell weight:** 94.00 g
- **Number of outputs:** 3
- **Output 1 type:** USB-C PD
- **Output 2 type:** USB-C PD
- **Output 3 type:** USB-A Quick Charge 3.0
- **Solar panel (W):** 5.10 W
- **Input type:** Solar panel
- **Battery charging time:** 2.50 h
- **Capacity:** 10000.00 mAh
- **AC-Adapter:** No
- **Flashlight:** Yes
- **LCD:** No
- **Military Standard:** N/A
- **Water resistant:** IP65
- **Input (W):** 5.10 W
- **Output 1 (W):** 20.00 W
- **Output 2 (W):** 18.00 W
- **Output 3 (W):** 18.00 W
- **Output types:** USB-C PD, USB-A Quick Charge 3.0
- **Total battery cell weight:** 188.00 g
- **? of battery cells:** 2
- **Battery type:** Li-Polymer
- **Capacity (Wh):** 37.00 Wh

- **Max power (W):** 20.00 W
- **Carabiner:** Yes
- **Incl. cable:** Yes
- **LED battery indicator:** Yes
- **Pouch:** No
- **Wireless:** No
