EXISTS IN : BLACK

DESCRIPTION :

Technology meets art in the Design series. The wireless fast charging pad Balance is part of this new line of premium Xtorm products. All products in this range are developed with a great attention to detail and use quality materials.

Designed to stand out

Charging cables often look messy and always end up disappearing behind pieces of furniture, right when you need them. The wireless fast charging pad Balance is the perfect solution to keep your home both stylish and organized. Its design incorporates quality materials like aluminium and canvas, creating a balance between form and function. The canvas on top of the charging pad is finished with an anti-slip "plus" marker, making sure your s
