**DESCRIPTION :**

The Satechi Trio Wireless Charging Pad simplifies wireless charging with a convenient place for all your devices – so you'll never be without a charge. With faster-charging technology and intelligent safety features, the Charging Pad quickly powers a Qi-enabled smartphone, Apple Watch, and AirPods Pro all at the same time.

STRENGTHS :

- A PLACE FOR ALL YOUR DEVICES
 - Simultaneously charge up to three devices – an Apple Watch Series (up to 2.5W), AirPods with wireless charging case (up to 5W), and a Qi-enabled iPhone (up to 7.5W) or smartphone – all from one sleek, modern station.
- DESIGNED FOR CONVENIENCE
 - Ideal for your on-the-go lifestyle, the charger is smartphone case friendly (up to 5mm) and supports Apple Watch in Nightstand mode. Does not work with phone cases with metal plates or credit card holders.
- POWER EFFORTLESSLY
 - Enjoy effortless charging - simply align your devices on the marked areas and LED lights will illuminate to indicate when each device has started to charge.
