

JOT PRO 4 SILVER

Precision stylus

REF : AD-ADP4S

EAN : 0847663023195

EXISTS IN : BLACK, SILVER

DESCRIPTION :

Compatible with all touch screens (iPad, iPhone, Android, Windows ...), enjoy a fine tip to write and trace with the precision of a ballpoint pen. You can attach your Jot Pro 4 stylus with forceps to carry it easily and safely. With the Jot Pro 4, work smoothly: the damping tip reduces contact with the screen for smooth and silent writing while avoiding scratching your screen. You will not lose your hood anymore, it is magnetic. Plus get the chance to use your stylus on GoodNotes 4 while enjoying Palm Rejection technology.

STRENGTHS :

- Creates a fine line
The new precision disc is simply accurate. It creates a precise point with the screen to exactly write where you place it and has been engineered into one piece for added stability.
- No harm to screen
PET material designed precision disc Scratch resistance on touchscreens.
- Streamlined pen clip
A hook groove designed for your pockets, bags, and more.
- High quality metal material
The Pro4's body is made of aluminum and the cap is twist design using copper material improving the texture of the product to the next level.
- Compatible with all devices
Pro 4 works on all touchscreen devices and is always ready to go.
- Compatible with Palm Rejection technology from GoodNotes 4
