USB 3.0 HUB AND CARD READER

USB 3.0 hub and Micro and SD card reader

REF : SA-ST-3HCRS

EAN : 0879961006679

EXISTS IN : SILVER

DESCRIPTION :

The Satechi Aluminum USB 3.0 Hub and Card Reader adds three USB ports and two card reader slots to your computer. This allows you to connect and use USB devices such as digital cameras, external hard drives, flash drives, and printers, all from a single hub. Powered by USB 3.0, this hub provides quick data rates of up to 5.0 Gbps.

STRENGTHS :

- **PERFORMANCE**
Providing data rates of up to 5Gbps - 10 times faster than USB 2.0, you can transfer your photos, music, and HD movies to a USB 3.0 external storage device faster than ever before.
- **MICRO AND SD CARD READERS**
Includes an Micro and SD card reader, for all of your photography and data transfer needs! Please note SD and Micro SD cards cannot be read simultaneously. That means this product can only read one card once.
- **APPLE AESTHETIC**
Perfectly complements your iMac, MacBook Pro and other Apple devices. Please note this hub functions as a USB hub only, to connect USB 3.0, 2.0, USB 1.1 devices to your computer, and is not a standalone device charger.

CHARACTERISTICS :

- **COMPATIBLE DEVICES**
Compatible with Windows 10/ 8/7/Vista/XP/2003/2000/ME, Mac OS X (latest updates from Apple required), and Linux kernels 3.0 and later. Full forward and backward compatibility between USB 3.0 and 2.0/1.1 hosts and devices.
- **DIMENSIONS & WEIGHT**
5.25" x 1.8" x 1.1" inches, 4.05 ounces

COMPATIBILITY :

iMac 27" (2017 – 2020), Mac Studio (2022 - 2023), iMac Pro (2017), iMac 24" (2021 to 2023), iMac 21.5" (2017), Mac Mini (2018 to 2023)
