USB-C SLIM DOCK FOR IMAC 24 BLUE

Ultra-thin USB-C dock for iMac

REF : SA-ST-UCISDB

EAN : 0810086360420

EXISTS IN : BLUE, SILVER

DESCRIPTION :

Designed to fit the 2021 iMac (24-inch) exclusively, the Satechi USB-C Slim Dock for 24" iMac provides a built-in enclosure to add external storage to your iMac and convenient access for all your most-loved ports and peripherals. Featuring a 10 Gbps USB-C data port, 10 Gbps USB-A data port, 2 x USB-A 2.0 ports, micro/SD card reader slots, and NVMe Sata Enclosure, the USB-C Slim Dock upgrades your iMac's functionality while maintaining a sleek aesthetic all with a plug and play design.

Designed for iMac

Exclusively designed for 2021 iMac (24-inch) models to add extra data storage space, extend your USB ports for fast data transfer and access to peripherals – all with a plug and play design.

USB-C Slim Dock for 24" iMac

NVMe Sata Enclosure

Tool-free NVMe SATA NGFF enclosure allows quick and easy installation of your M.2 NVMe SSDs or M.2 SATA SSDs. Supports up to 10 Gbps High speed M.2 NVME to USB 3.1 Gen 2, 6Gbps speed M.2 SATA to USB 3.1 Gen 1, perfect solution for data transfer and data backup.

USB-C Slim Dock for 24" iMac

Sleek & Modern

It's slim aluminum construction allows for better heat dissipation and complements your M1 iMac, adding both functionality and style to your modern workspace – with no extra drivers or installation.

USB-C Slim Dock for 24" iMac

Complete Your Setup

Includes all the ports you need to complete your iMac setup, with 10 Gbps USB-C data port, 10 Gbps USB-A data port, 2 x USB-A 2.0 ports, micro/SD card reader slots and NVMe Sata Enclosure.
