DESCRIPTION :

Balance® FOLIO has been tested to withstand drops up to 4 feet. A raised bezel protects your iPad's screen during a drop, while the recessed cover keeps the case feeling slim. Balance® FOLIO has a soft edge-to-edge liner that guards your iPad® Pro against scratches. Also, the case turns into a convenient stand for typing or viewing and is fully compatible with Apple Pencil® charging.

STRENGTHS :

- Dropped from 4 feet multiple times by independent labs to ensure superior protection.
- Provides scientifically engineered protection to resist scuffs and abrasions to your tablet.
- Fully compatible with the Apple Pencil® (2nd generation)
- Cover converts into a stand for typing and allows you to adjust the angle for viewing videos.
- Magnets on the back cover allow you to shield your camera lens when it's not in use, and easily retracts for when you want to snap a photo.
- Locking clasp ensures the cover stays securely closed to protect the screen in the event of a fall.
- Speck® cases are independently lab-tested for multiple real-life situations, including extreme drops a
