DESCRIPTION :

The Detachable Wallet for iPhone 13 Pro is a daily essential. Made with premium full-grain leather by Ecco Leather, allowing for the clean and classic look you'd also get from your standard wallet. The Detachable Wallet is designed with high-quality TPU to protect your phone and belongings against drops and scratches. The interior has a new inlay with geometric lines and shades for a subtle detail; it accommodates ample space for your banknotes and has three cardholders. The Back Cover has been updated with two extra magnets for perfect and secure alignment, making it easy to attach and detach the back cover to the wallet. Easily transition from Wallet Case to Back Cover when in need of charging or making a call.

The Back Cover is compatible with MagSafe. Making it easier for you to simply snap on your MagSafe charger or accessory securely for the perfect alignment and connection.
