DESCRIPTION :

Introducing the Total Protection Clip-It case for AirTag. This case is the total solution to fit your lifestyle. Not only is it drop proof and waterproof - but it's the perfect solution for your pets' and kids' valuables.

Don't Worry About It. Clip It!

Each Total Protection Clip-It case for AirTag attaches to most straps ensuring that your prized possessions such as your pet's collar, camera strap, or even kid's shoes are safe and sound!

What makes the Total Protection Clip-It case for AirTag the right choice for you?

Engineered for Ultimate Waterproof Protection

Each Total Protection Clip-It case is 100x more waterproof (330ft) vs naked AirTag device (3.3ft) meaning you can allow your dog to swim to their heart's content all the while knowing your device is safe.

Built for Adventure

Designed with raised edges to protect from bumps and scratches, each Total Protection Clip-It case for AirTag has 10ft Military Standard 810G Drop Protection ensuring that your essentials are always safe and secure.

No Signal or Sound Loss

All of our AirTag cases are completely compatible with the AirTag signal technology ensuring premium protection while emitting sound in hard to find places.

Open Design

Each Total Protection Clip-It case firmly grips your AirTag while keeping your customized AirTag emoji visible.
