### DESCRIPTION :

Our new Total Protection case for the iPhone 13 Series has launched. It is an evolution of our iconic waterproof and drop proof case. Fully sealed and submersible it is the perfect solution to face the elements. Each of our Total Protection cases seal in the device so it keeps water out, allowing it to be submerged underwater up to 33ft (10m), 500% more waterproof than the leading competitor. This allows you to never miss a moment and savor each memory whether snorkeling, skiing, hiking or swimming. It's the perfect protection for any oops moment such as dropping your phone in the sink. Our Total Protection cases are washable with soap and water protecting you and your loved ones from germs.
